

Dearest,

it's with great pleasure that the Municipality wants to offer you a warm welcome and to express our heartfelt congratulations to your parents. A new birth is always a great enrichment for the family and for the whole community as well.

As a small welcoming gesture, we invite you to one of the Vicenza public libraries belonging to Biblioteca Bertoliana to get your free loan card and pick up a gift book carefully chosen for you.

We believe it is very important to raise awareness in all citizens of the importance of reading, a tool for personal growth from the first months of life.

Biblioteca Bertoliana, in collaboration with Vicenza municipality and Azienda Ulss 8 Berica, joins the program Nati per Leggere (Born to Read) that aims to promote reading in the family from birth and awaits you, offering a cosy room dedicated to children from 0 to 6 years, where you'll find many books chosen for you, listen to stories and have your first experience of reading.

Furthermore, you can be comfortably breastfed, and your parents will be able to change your nappy on a soft changing mat.

We are expecting you!

Warm greetings.

Giacomo Possamai
Mayor

Alberto Galla
President of
Biblioteca Bertoliana
